The following article was written by Brother Alton Garner.

It is a high honor that God places upon us when he entrusts to our keeping a human life - our children. What a stimulating responsibility. What a glorious task!

Do you have God's help in rearing your children? His strength and wisdom are at your command just as your strength and wisdom are at the command of your little child. This power and help is found in the family and Home of God just as it is found in your own family and home.

Are you attending all the services of the church? Are your children attending Bible School on Sunday morning? Are you? With His help all things are made easier.

Why not assure yourself of God's help by attending church regularly, studying His word more, and praying often? It makes the rearing of a family easier.
