## Our Monthly Bulletin

We take great pleasure in publishing this the first number of our monthly bulletin. It is with a desire to further the interest of God's kingdom that we bring out this monthly publication. Each number will carry the names of the new members, the financial statement for the preceding month, articles concerning the plan of salvation, words of admonition and encouragement to the disciples and announcements concerning our program of work and worship.

## A Good Work

During the last fourteen months two hundred and ninety-five new members have been added to the church, one hundred and twelve baptized. About nine thousand dollars have been contributed and spent for the advancement of the cause of Christ. Large crowds have attended almost every service and the interest in all the work is fine. We expect to do greater things in 1939.

## Stewardship

I bought gasoline, I went to the show;  
I bought some new tubes for my old radio;  
I bought candy and peanuts, gum and ice cream;

While my salary lasted, life sure was a scream.

It takes careful spending to make money go round;

One's methods of finance must always be sound.

With habits quite costly, it's real hard to save;

My wife spent five "bucks" on a permanent wave.

The church asked for money. It sure made me sore!

If they'd let me alone, I'd give a lot more. They have plenty of nerve! They forgot all the past!

I gave them a quarter the year before last.

Those who try to do something and fail are infinitely better than those who try to do nothing and succeed.

### *Our Finances for 1939*

For many years the church at Tenth and Austin Streets in Wichita Falls has done a good work, but we desire to do greater things for God and man in the future. 1939 should be the greatest year in the history of the church. In order for the church to grow and increase in number and in usefulness we must have a new building. We believe that as a member of the church you are interested in doing all that you can to make possible a greater work, a better church and a new building in two or three years. The finances needed to carry on a full program of work and to build up a substantial building fund make it necessary for each and every member to give in keeping with his ability. Given below is the proposed budget for 1939, which if fully realized will make possible a great work for the new year and leave a balance of \$4,000.00 for the building fund.
